**Deliver high quality education and training through a portfolio of provision which meets or exceeds the expectations and requirements of stakeholders**

## GOAL 4

Deliver high quality applied technical and vocational education and training (TVET) which meets or exceeds the expectations and requirements of Waiariki's stakeholders and is underpinned by continuous quality improvement.

### Actions

- Regularly research, review and redevelop curriculum, modes of delivery and assessment practices to be responsive to student, community and professional needs.
- Benchmark the quality management system and related academic quality improvement activities which celebrate and promote best practice.
- Focus human resource management practices to attract, retain, develop and reward staff of the highest calibre.
- Increase the internationalisation of Waiariki courses in line with the Education New Zealand (ENZ) International Education Agenda, including international staircases for students.

## GOAL 5

Build a reputation for the quality of Waiariki's work-ready graduates and the quality of the innovative qualifications offered

### Actions

- Ensure all qualifications have vocationally aligned outcomes that match industry requirements.
- Increase the number of qualifications that incorporate industry-based courses, work experience or industry projects.
- Increase partnerships with industry to enhance opportunities for staff and student experience of current and emerging work place requirements.
- Staff attendance and participation at international forums that address international trends in technical and vocational education and training.
- Encourage and support applied research related to the key educational disciplines defined by the region.
- Offer opportunity for Waiariki students to gain experience through greater collaboration with TVET institutions worldwide.

## GOAL 6

Increase Māori participation, retention, success and progression at all levels.

### Actions:

- Provide quality teaching and support that meets the specific needs of Māori students.
- Support staff to develop the skills necessary to meet the specific needs of Māori students.
- Develop qualifications at levels 5-7 that match with Māori aspirations.
- Include elective options in qualifications that allow students in all subject areas to develop knowledge of Māori culture and language and governance practices.
